

Make your vision a reality.

The National Empowerment Fund's mandate from Government is to support Black economic participation, wealth creation and economic growth by means of access to capital. Think of us as the bridge that can get Black South African entrepreneurs to wherever they need to be. We achieve this by helping you access the financial resources to implement feasible business ideas.

If you have a comprehensive and commercially viable plan, and require capital in excess of **R250, 000**, up to and even in excess of **R50-million**, talk to us. The NEF believes you have a meaningful role to play in our economy, and is uniquely positioned to improve your chances of financial success.

Reception: **0861 633 835** (NEF TEL) Call centre: **0861 843 633** (THE NEF) www.nefcorp.co.za
