3. Medium of Communication

All the documentation submitted in response to this tender must be in English.

4. Verification of Documents

Tenderers should check the numbers of pages to satisfy themselves that none are missing or duplicated. No liability will be accepted by the NEF in regard to anything arising from the fact that pages are missing or duplicated.

5. Validity Period

Responses to this tender received from tenderers will be valid for a period of **150** days counted from the closing date of the tender.

CONDITIONS AND UNDERTAKINGS BY TENDERER IN RESPECT OF THIS TENDER

6. Submission of Tenders

- 6.1. **TENDER RFP NEF 09/2022/23, Provision of Loans Management System** must be emailed to tenders@nefcorp.co.za by no later than **14h00** on **12 April 2023**. **A non-compulsory virtual briefing session will be held on 22 March 2023 at 11:00**. To join the briefing session, names and email addresses must be submitted to tenders@nefcorp.co.za **before 21 March 2023 by 14:00**
- 6.2. All enquiries regarding this RFP should also be directed to the following email addresses, tenders@nefcorp.co.za; vermeulend@nefcorp.co.za; mcingak@nefcorp.co.za; mbowenik@nefcorp.co.za and tofilex@nefcorp.co.za.
- 6.3. No tender received by telegram, telex, facsimile or similar medium will be considered.
- 6.4. Where a tender document is not received at the time of the tender closing, such a tender document will be regarded as a late tender. Late tenders will not be considered.
- 6.5. The tenderer is responsible for all the costs that shall be incurred in relation to the preparation and submission of the tender document.
- 6.6. A list of all references (minimum 3) with contact details must be included in the tender document.
- 6.7. Copies of qualifications, identity documents (IDs) and the curricula vitae (CVs) of persons who will be involved in the execution of this tender should the tenderer be successful must be attached to the proposal.
- 6.8. The following information also needs to be provided with the tender document:
- Names and details of senior management
 - Employment equity details of employees at an operational level

- Percentage of ownership by number of:
 - Black ownership
 - Black women ownership
 - Youth ownership
- Percentage of ownership by profit share of:
 - Black ownership
 - Black women ownership
 - Youth ownership

6.9. An original valid Tax Clearance certificate must be included in the tender document. Failure to submit a certificate would render your tender invalid.

6.10. Copy/ies of any affiliations that you may have must be attached to the response to this tender.

6.11. Kindly note that the NEF is entitled to amend any tender conditions, validity period, specifications, or extend the closing date of tenders before the closing date. All tenderers, to whom the tender documents have been issued, will be advised in writing of such amendments within reasonable time after they are made.

6.12. The NEF reserves the right not to accept the lowest tender or any tender in part or in whole.

6.13. The NEF reserves the right to award this tender to a black empowered firm.

6.14. The NEF also reserves the right to award this tender to any party whom it decides as a whole or in part without furnishing reasons. The NEF reserves the right to withdraw this tender at any stage with or without giving reasons.

6.15. The tenderer hereby offers to render all or any of the services described in this tender document to the NEF on the terms and conditions and in accordance with the specifications stipulated in this tender document. This tender document and the tenderer's response thereto shall form part of any service level agreement that may be concluded between the NEF and the tenderer. In the event of conflict between such documents, the service level agreement shall take precedence over all other documents.

- 6.16. Tenders submitted by juristic persons or partnerships must be signed by a person or persons duly authorized thereto by a resolution of a board of such juristic person, a copy of which resolution, duly certified be submitted with the tender.
- 6.17. The tenderer shall prepare for a possible presentation should NEF require such and the tenderer shall be notified thereof no later than 4 (four) days before the actual presentation date.
- 6.18. The tenderer hereby agrees that the offer herein shall remain binding upon him/her and will be open for acceptance by the NEF during the validity period indicated herein.
- 6.19. The tenderer furthermore confirms that he/she has satisfied himself/herself as to the correctness and validity of his/her tender response, that the price(s) and rate(s) quoted cover all the work/item(s) specified in the tender response documents and that the price(s) and rate(s) cover all his/her obligations under a resulting contract and that he/she accepts that any mistakes regarding price(s) and calculations will be at his/her risk.
- 6.20. The tenderer hereby accepts full responsibility for the proper execution and fulfillment of all obligations and conditions devolving on him/her under this tender as the principal(s) liable for the due fulfillment of this tender and any contract that might be concluded pursuant hereto.
- 6.21. The NEF will treat your personal information as confidential and take all necessary steps to protect your information as required by the Protection of Personal Information Act of 2013. The NEF will only process your information (which involves but is not limited to collecting, collating, organising, disseminating and destroying) in the following circumstances:
- where you have granted the necessary consent;
 - where we are required to do so by law;
 - where processing is necessary to protect our legitimate interests;
 - where it is necessary for the conclusion or performance of a contract to which you are party; or
 - where it is in the public interest to do so.

By signing this tender document (RFP), the bidder hereby consents to the use of their personal information which forms part of the tender process and as may be discovered by the NEF and confirm that the information is supplied voluntarily without undue influence from any party. Tenderers acknowledge that they are aware of their right to access the information at a reasonable time for purposes of rectification or object to the processing of the information.

- 6.22. **Bidders are required to register on the National Treasury Database as per National Treasury Circular No 3 of 2015/2016 – Central Supplier Database (CSD).**

SECTION: 2

TERMS OF REFERENCE /

SCOPE OF SERVICE

Preamble

The National Empowerment Fund Act No.105 of 1998 established the National Empowerment Fund Trust (NEF), for the purpose of promoting and facilitating economic equality and transformation, by providing development finance for Black empowered South African businesses and by designing investment products in promoting savings and investment activity amongst Black South Africans. The NEF is an agency of the Department of Trade and Industry (**the dti**) and is committed to the implementation of the Broad Based Black Economic Empowerment Act, Act 53 of 2003, and the Codes of Good Practice.

The NEF expects to change its core Loans Management system in a way that will maximise efficiencies, reduce administrative costs, better serve stakeholders and ultimately leverage on technology to drive staff efficiency and improve customer service.

Scope of work

With the overall guidance, direction from NEF, and focal points assigned from NEF, the vendor is required to develop/provide a cloud-based web application to automate all the features rendered during loan tenure by NEF, covering functions listed, but not limited to, Annex a of the RFP. The scope of services to be undertaken by the vendor is:

1. Implementation of a web-based (Cloud Hosted) Loan Management System (LMS).
 - a. In case of NEF having to purchase/acquire Cloud Storage, vendor should provide the suitable industry standard for the required technical specifications for both software (OS, environment) and Hardware (CPU, RAM, Storage Size).
 - b. In case, Vendor is arranging cloud storage, NEF shall be informed of the technical specifications and should be provided with guarantee of 99% uptime.
2. Designing security profiles to enable user access as per their roles.
3. System Integration with existing applications and User Acceptance testing.
4. Data migration.
 - a. Vendor shall provide details of database tables the data should be in and migrate historical data from the current system.
5. Technical and user documentations.
6. Project Management.
7. Provide warranty support for a period of 36 - 60 months.
 - a. The Warranty support covers resolution of issues that may arise during

implementation or queries on the usage of LMS.

b. The Warranty support covers alterations to workflows and modules of the proposed LMS as required by the NEF.

8. Conduct end user training

9. Conduct training/technical knowledge transfer for IT administrators

10. System and user Change Management

11. Facilitate End User Testing and Sign-off

12. Provide / Build Development and Test environments for the duration of the project. On completion of the project, the content will be transferred to the NEF existing environments or proposed hosting platform

13. Proposals and pricing must be for a five-year solution including all support, hardware and licensing costs. The cost of annual SLA support hours must be included in proposals over the duration of the five-year solution at an hourly rate.

The vendor shall provide information on whether any patches, upgrades or additional hardware and/or software and/or services which need to be purchased or installed, for the proposed software to perform.

Technical scope of service

The requirements of the NEF are that the successful bidder is able to provide the following:

- An efficient and cost-effective loans management solution
- Processes and control to mitigate operational risks and fraud.
- Ability to integrate applications and GL transactions.
 - Integration of applications from Microsoft Customer Relationship Management.
 - Integration of GL transactions to the GL system. (Dynamics GP)
- Ability to provide a full audit trail and updated security system.
- Product Management

Must be able to support products below:

- Property Finance
- Acquisition
- Capital Market / Expansion Capital
- Franchise
- Project Finance
- Rural and Community
- Strategic
- Procurement etc

Ability to support end-to-end product life cycle

- Loans Creation – including notifications when a contract is activated.
- Loans Disbursement
- Loans Write-Off
- Loans Collection Processing
- Loans Rescheduling/Restructuring
- Loans Settlement – including early settlement

- Supports flexibility of the system to meet speed to market and other promotional activities such as moratorium, reduced/increased interest rate, contract term etc
- Supports rounding up/down the monthly instalment amounts and perform adjustment at the last instalment
- Interest rate
 - Parameterised rate for both Fixed and Prime rate
 - Ability to support prime rate with interest spread
 - Ability to automatically change interest rate (prime) based on setup up
 - Ability to provide interest on both compound and simple basis
 - Ability to implement penalty interest for late payments and arrears
- Disbursements

Ability to support the loan disbursement process for the investee with the following methods:

 - Deposit into the investee account
 - Support partial/full/ full disbursements
 - Support multiple disbursements per contract.
 - Ensure disbursed amount does not exceed the approved amount
- Repayment
 - Must be able to support multiple billing cycle e.g. monthly, quarterly etc
 - Parameterized payment knock-off sequence
 - Must be able to support payment holiday/moratorium
 - Able to calculate rebate amount for early loan payoff by providing a Simulator / Payment schedule
 - Support and able to differentiate multiple payment channels:
 - Repayment by Direct Debit
 - Repayment by Manual (EFT Payments)
 - Accept advance payment from investees
 - Has the flexibility to let the user to choose to close the account earlier when repayment is more or equal to outstanding amount
 - Support backdated payments from Investees

- Support payment adjustment/reversal
- Supports non-financial code segregation to identify the type of payment such as:
 - Payoff by Asset
 - Restructured Loan
- Ability to refund customer excess amounts from overpayments.
- Support uploading of automated bank statement for payment reconciliation/matching
- Ability to recalculate the instalments when additional payments are made or payments are missed.
- Ability to manage holding fees

- Loan servicing
 - Able to support loan feature below:
 - Loan Rescheduling
 - Loan Restructuring
 - Loan Refinancing
 - Supports flexible early settlement before maturity date with advanced simulation capability.
 - Supports storing of transaction history information of an account for a user-definable period of time with the ability to capture in any particular point of time the details of the account at that point of time.
 - Support regeneration (Document repository) of documents (e.g. notices, advices, & statements)
 - Disallow overdrawing from a contract
 - Ability to change the instrument type when contract is activated - with approval workflow
 - Transaction and Master data approval workflow
 - Support multiple instrument types per transaction
 - Support remaining contract term calculation when the contract is on moratorium and when it expires.
 - Automatically process disbursements from the bank to the LMS
 - Ability to set alerts / reminders.
 - Ability to allocate an investee / contract to a Post Investment Analyst and a Fund

- Account Status Maintenance
 - Must be able to indicate the current status of a loan account such as but not limited to:
 - Quote
 - Active
 - Active – Legal
 - Active – TWR
 - Settled

- Written-Off
- Disallow user to perform any monetary transactions once account is closed (Settled), unless the account is Written-Off (Bad Debts recovered, This should require authorization).
- Settle contracts with zero balance.
- Contract should not be in negative.
- Transactions
 - Ability to link different fees with contracts.
 - Ability to link different transactions to different general ledger accounts.
 - Support transaction approval workflow.
 - Ability to capture instrument/ product repayment terms with multiple repayment term frequencies.
 - Support bulk transaction processing and posting (including reversals).
- Support Collaterals
 - Ability to support collaterals
- Collections and Recovery
 - Create Collections Files
 - Bulk Posting of Debit Order Receipts
 - Bulk posting of Debit Order Unpaid / Rejections
 - Ability to make amendments on the collections batch
 - Able to provide aging delinquent history for a specific timeframe for individual account level
 - Able to do automatic calculations for Expected Losses
 - Support the generation of notices/reminders via the following methods:
 - Email
 - SMS
 - Ability to record litigation activities including the following information:
 - Customer information, e.g. name, address
 - Loan account information e.g. months in arrears, outstanding balance
 - Able to extract write-off details for recovery management e.g.
 - Write-off date
 - Write-off amount
 - Ability to collect on multiple days per month e.g. 1st, 7th, 14th
- Settlement
 - Support adjustments to loan account during settlement
 - Support backdated settlements.
 - Support refund function for overpayment during settlement
 - Ability to generate settlement quote (include 3 months quotes)
 - Support additional fees charged during the settlement process

- Statements
 - Support generation and printing of statements
 - Automatically send statements to investees (only for active contracts).
 - Repayment Schedule - Ability to support the generation and printing of repayment schedule
 - Frequency - Able to support printing statements:
 - Monthly
 - Adhoc
 - Ability to support statement template for customization.
 - Ability to send exception reports to indicate:
 - Failed
 - Not setup for email delivery
 - Success

- Security
 - Role-based user access
 - Ability to configure Organization Structure to specify permissions
 - Proposed LMS should be cloud hosted with an availability percentage of 99.99%
 - Provide a description of the proposed solution architecture, including network and component diagrams and quantities
 - Provide a disaster recovery plan for your proposed solution.
 - Describe how system and data integrity is maintained in the event of a failure in any of your proposed system components
 - The proposed solution should have robust integration capabilities with multiple systems and applications. The proposal must include recommendations and solutions to handle the communication process required to operate all systems working together with minimum risks
 - Solution should allow only secure protocols for communication like SSH and SFTP instead of telnet and FTP
 - Bidder must provide initial training onsite and online for all the required staff members
 - Training should include training of tools and technology, and specific processes

Documentation

The Service Provider will also furnish **at least** the following documents:

1. Project Charter – in conjunction with the NEF.
2. Project Plan – in conjunction with the NEF
3. Custom development functional specifications document
4. Custom development technical specification document
5. Data migration strategy document/plan

6. Cutover strategy document
7. Installation procedure document
8. System administrator's routine maintenance procedure document
9. Test plan and User Acceptance Test cases/scripts.
10. Training plan and Training manuals (User guide)
11. Post Go Live report (Lessons Learnt)
12. Any other documentation, as appropriate and identified during the project

Project Plan and Rollout

With the overall guidance from NEF, the selected company shall work closely with the IT and Subject Matter Experts teams at NEF. The vendor shall, in their proposal, describe the project team structure to provide the necessary support and services to the NEF. The Vendor shall provide a project manager who shall be responsible for managing the implementation service planning during the project and warranty period in accordance with the schedule and procedures as stipulated by the NEF. The solution and pricing must be proposed for a five-year duration.

- Reporting to the CIO, Chief Financial Officer, and IST Steering Committee; the service provider shall be expected to work with the committees that shall be set up by the NEF and other staff that shall be identified.
- The service provider in liaison with relevant stakeholders from the NEF shall come up with a step-by-step project implementation plan with specific milestones that shall form a basis for reporting to the NEF. The project plan should identify concerns, expectations, risks, critical success factors and assumptions.
- The service provider shall be expected to provide written reports detailing the achievements of milestones as per the documented project plan.
- The Vendor shall ensure that all requirements are successfully implemented according to agreed schedule.

COMPETENCY AND EXPERTISE REQUIREMENTS

By submitting the bid, the Bidder represents and acknowledges to the NEF that it possesses necessary experience, expertise and ability to undertake and fulfil its obligations, under all phases involved in the performance of the provisions of this RFP. The Bidder represents that all services supplied in response to this RFP shall meet the proposed Solution requirements of the NEF.

- It is essential that the Service Provider has knowledge and experience in the Finance/Funding industry
- Developing, customisation, configuration and implementation of IT based LMS.
- Exceptional analytical skills
- Define, design and document business processes and procedures to meet business objectives.
- Analyse and identify opportunities for business process improvements.
- Identify initiatives / key performance indicators for continuous business process improvements.
- Ensure compliance with customer and company proposed standards.
- Work with stakeholders to identify business requirements, processes and risks.
- Evaluate current business processes and recommend solutions for improvements.
- Develop and maintain best practices to meet changing business needs.
- Provide a list of client references with contact details.

EVALUATION CRITERIA

Tenders shall be evaluated in terms of the following parameters and shall be scored on the weightings stated below. Bidders will need to score a minimum of **49 points** in order to be evaluated further

Technical	70 points
<p>Loans Management automation methodology and approach:</p> <ul style="list-style-type: none"> • Automated month-end processes <ul style="list-style-type: none"> ○ Collections ○ Rejections ○ Amendments to collections batches • Workflows and notifications/alerts • Contract Rescheduling with correct calculations. • System Security – including user access. • Account Maintenance and Loan servicing • Repayments and monthly Statements • System audit trails • Collections and Recovery • Transactions and Interest 	<p>40</p> <p>10</p> <p>3</p> <p>3</p> <p>5</p> <p>5</p> <p>5</p> <p>5</p> <p>2</p> <p>2</p>
